A NATIONAL RELIGIOUS CONVENTION. -- A convention, the object of which is to secure a national recognition of the being and providence of God, of the authority of Jesus Christ, and the supremacy of the bible in civil affairs, met last evening at the church corner of Elewenth and Wood streets.

After prayer by the Rev. Joseph T. Cooper, Judge Strong was called to the chair. The proceedings were then commenced by an opening speech by the chairman; in which he said that the organic laws of all European countries acknowledge the existence of a God, while the Constitution of the United States does not. The present is a time, he thought, eminently fitting for the Christian people of the country to lay the matter before the lawmakers, after a war in which the hand of the Deity had been so plainly visible, and at a time when organic law is undergoing change. The Rev. T. P. Stevenson was chosen for Secretary.

A business committee of five was then appointed, to whom the subject of preparing solutions was confided. It consists of Rev. Drs. Cooper, Kennedy, and Smiley, and Judge Agnew and Mr. Alexander. Letters were now read by the Secretary, received from a num-ber of gentlemen who had been invited to attend the Convention and participate in the proceedings; among them General Howard, Drs. Eddy, of Boston; Vincent, of Pennsylvania; and Vinton, of New York. All of them regretted their inability to attend, and expressed their sympathy with the objects of the Convention.

Senator B. A. Browne, of Harrisburg, spoke in favor of the proposed change of the Constitution, and proposed the following as the form of the amendment:- "We, the people of the United States (humbly recognizing Almighty God as the source of all authority and power in civil government; the Lord Jesus Christ as the Ruler among nations, and His revealed will as our paramount authority in order to constitute a Christian government) to form a more perfect Union," etc., the words in parentheses to constitute the addition to the instrument.

Several other gentlemen delivered addresses in favor of the proposed change. The Convention adjourned to meet this

morning at the same place. The proceedings of to-day's meeting will be found in another column.

ANTI-LIQUOR MOVEMENT .- A meeting of the Anti-Liquor League was held last evening, at the hall corner of Tenth and Chesnut streets. The meeting was opened by a statement being made by the President in reference to the objects aimed at by the League. In the course of his remarks he said that inducements were held out for licenses by certain officials, who obtain \$2.50 and other amounts as their fee. During the evening other addresses were made by which it was shown that much permanent evil is resulting daily from the rapid increase of taverns in our city. A similar meeting wil be held next week, when further action wil be taken in reference to the matter under dis

THE FENIANS .- Last evening the Fenians had a large mass meeting at the Assembl Buildings. A company of the so-called Iris republican army was present at the meeting General O'Neil addressed the meeting at some length on the prospects of the Fenians in this country and in Ireland. He said in the course of his speech that they ought to have had an army of two hundred thousand men when they invaded Canada, and that it was owing to dissensions among themselves that the were defeated. At the close of General O'Neil's speech the meeting was addressed by Mr. Gibbons.

Grocers' Protective Union .- A large meeting of the retail grocers was held last evening in Diligent Hall, corner of Tenth and Filbert streets. Thomas Fair was called to the chair, and James Stokes was appointed secretary. During the evening several addresses were made showing the importance of the forma-tion of a "Grocers' Protective Union" for the welfare of the trade at large, and that the early closing movement had met with almost universal approval among members of the fraternity. Another meeting of grocers will be held next week, when matters of great interest will be brought before the body.

A GREAT DEAL OF EXCITEMENT WAS OCCAsioned by an affecting scene at Fifth and Ches-nut streets about 20'clock yesterday. It appears but the wife of a man had sued him for deserthat the wife of a man had sued him for deser-tion, and the case was brought up in Court, and the defendant discharged, there being no evi-dence that he wilfully deserted her, and he was permitted to leave, with the injunction to go home and live with his wife. Both left the court-room, and had proceeded as far as Fifth and Chesnut streets, when the husband desired to go one way and the wife another. The hus-band was about leaving, when his wife caught band was about leaving, when his wife caught hold of and hung on to him. A large crowd collected, but by the arrival of an officer, who arrested the woman—the man in the meantime having run-the excitement was allayed.

TEMPERANCE FESTIVAL.-Do not forget tomorrow evening, March 7, all you who desire an evening of enjoyment, for Lady Washington Social Temple of Honor and Temperance, No. 11, gives her grand annual festival and musical entertainment. There will be heard and had that which can charm the ear and satisfy the inner man, in abundance. I These entertainments in the past have always been successful in their every department. It will take place in the upper saloen of Mechanics Hall, Fourth and George streets.

NEW UNIFORM.—A summer uniform is to be furnished to the police the coming season. It is to consist of a blue blouse made of thin cloth, with a row of brass buttons down the front, a light-colored linen vest, singlebreasted, with brass buttons, and blue cloth

VERDICT .- The jury in the case of Thomas V. Scott, who was found dead on Friday morning, returned a verdict that the said Thomas V. Scott came to his death by violence at the hands of Charles McAleese, on the morning of March 1, 1867, in Baker street, above Spafford. McAleese was committed for trial.

PETROLEUM LICENSES GRANTED. - Ninetyseven dealers in petroleum have procured licenses from the Mayor since the 1st of January, 1867.

CAMDEN AFFAIRS.

A New Organ.—Last evening, St. Paul's Episcopal Church, on Market street, above Fourth, was crowded, the occasion being the Fourth, was crowded, the occasion being the opening of a new organ. A number of eminent artistes from Philadelphia were present and performed. The renditions of the overtures to Martha, by the Messrs. Kuauff, and to William Iell, by D. D. Wood, were especially admired. The organ contains twenty-eight drawstops; two sets of manuals, each with a compass of twenty-eight notes from CC to G, for the great and swell organs respectively; a set of pedals of full two octaves, from C C C to O; and three "com-position pedals," operating upon the stops of

senis a rich and handsome appearance. The f voicing is musical and effective, furnishing con-siderable fulfness and brilliancy in the full organ, while each stop possesses in itself a dis-tinctive character of tone, adapted for solo pur-poses. The organ possesses more point and variety than many instruments of much larger capacity, and will prove a useful and valuable assistance in the services of public worship,

A DISHONEST DOMESTIC .- Kate Lolly is the name of a woman who recently lived in the family of Capt, Scudder, on Mickle st. Kate left there on Saturday, and obtained a situation with another jamily on the same street. Last evening she visited the store of George Mans-field, purchased six pounds of beef, half a pound of tea, and several other articles, stating that the Captain would pay for them the next day. The Captain happening to pass that way, stopped in and was presented with the bill. He was astonished, nay, astounded. He positively informed Mr. Mansfield he had not authorized the purchase of the articles mentioned. A description of the purchaser was given, and the Captain saw through this little piece of leger-leman in mediately. He ordered the arrest of Kate, which was accomplished without much dimenlty. The beet was recovered, Kate was accommodated with lodgings at the Station-House, and will have a hearing before the Mayor

DEAD WOMAN FOUND .- Yesterday morning a colored man came to the Station House and desired the assistance of two officers. He wanted them to accompany him to a house in Kane street, below Division, which he said had been closed, and the occupant invisible since Friday. Officers Gibert and Hawkins accompanied the man. Arriving at the place they found the doors locked. After bursting open two or three, they discovered an old colored woman lying on the floor, dead. She was apwards of eighty years of age, and it is sup-occed old age was the cause of her death. She ad evidently been dead for some time, as the body was in the last stage of decomposition. The Coroner took charge of it temporarily, but it was subsequently handed over to a colored society, who interred it.

Course of Lectures, -A course of lectures, under the auspices of the North Baptist Church, Second and Pearl street, has been inaugurated, and the first of the series will be delivered on Thursday evening, March 7, by Rev. D. Henry Miller, of Trenton, N. J. The theme selected is "Love, Courtship, and Marriage." This subject will interest both sexes, and we bespeak for the ecturer an overflowing house.

I have always recommended the FABER polygrade lead pencils as the only pencils fitted for both ornamental and mathematical drawing, but after a thorough trial of the AMERICAN POLYGRADE LEAD PENCIL CO., N. Y., I find them superior to any pencil in use, even to the FABER or the old ENGLISH CUMBERLAND lead pencil, being a superior pencil for sketching, ornamental and mechanical drawing, and all the ordinary uses of a lead pencil.

These pencils are very finely graded and have a very smooth lead; even the softest pencils hold the point well; they are all that can be desired in a pencil. It gives me great pleasure to be able to assure Americans that they will no longer be compelled to depend upon Germany or any other foreign market for pencils.

March next, for Excavating said Tunnel at three
different sections of that work.
This Tunnel, when completed will be about 4%
miles in length, extending from the town of Florida,
through the Hoosac Mountain, to the town of North
Adams.

The Eastern End has been penetrated from the rrade of the Railroad 350" feet, 2400 feet of which consist of an opening of about 10 cubic yards to each ineal foot, the same to be enlarged to a section consaining about 17 cubic yards to each foot; the remaining 100 feet being heading—now measuring upon an everage 4 cubic yards per running foot—to be enlarged to the full section; making some 35,000 cubic yards to se removed. to the full section; making some 35,000 cubic yards to be removed.

A further section of the work will also be let to the successful bidder for the above-named enlargement, if satisfactory terms shall be offered.

The Western End is worked from a shaft 318 fees deep. The easterly heading from this shaft—of about six cubic yards to each lineal foot—extends 1100 feet and is to be enlarged to a section containing 17 yards per foot, requiring the removal of 12,000 cubic yards. Bids for that amount, and for an extension in either direction of the heading and enlargement at this point, will be received.

The Central End of an elliptical form, 27 to 15 feet, now 400 feet in depth, is to be sunk to grade, 1030 feet from the surface, requiring the removal of about 9000 cubic yards.
